

DATASHEET

TWO-PHASE MAKE-UP REMOVER

GENERAL DESCRIPTION

Two-phase make-up remover that effectively and instantly removes eyes and lips make-up, even waterproof. Transparent phase (oily): removes make-up. Blue phase (watery): enriched with natural extracts and hydrant, decongestant, and protective components to protect this delicate part of face. No rinse. Completely rinse-free.

COMPONENT

ACTIVITY

CHAMOMILLA EXTRACT	Stabilizes skin and calms nerves endings
---------------------------	--

CUCUMBER EXTRACT	Delays aging. Detoxificant action
-------------------------	-----------------------------------

COCONUT OIL	Combats skin dryness and prevents premature aging
--------------------	---

PCA SODIUM	Restores natural hydration factor. Cellular moisture link
-------------------	---

HOW TO USE

Shake until combining the 2 phases, moisten a cotton pad, and remove make-up. Do not rinse. Daily use.
